

# DID YOU KNOW YOUR TEACHER HAS A WISH LIST?!

## Teacher's Wish List

The USPTO is partnering with our staff to help keep our classrooms stocked with necessary items for the school year. Please check this list often to see if you could donate an item(s) on the list. You can view the list on our message board in the hallway next to the main office or on our web link on the University Schools website. We ask that you take your donations to the staff member requesting it and then let us know you have purchased that item so we can keep our list as current as possible. If you have any questions, please send us an email through the University Schools website on the USPTO link.

Thank you for supporting your University Schools throughout the year! We appreciate you!
