These supplies are intended to fully equip students for the beginning of the year. As the year goes on, students may need a few more pens, pencils, paper, etc., but those can be replenished on an as-needed basis.

Art students will receive specific supply lists for 6th, 7th or 8th grade art classes when scheduled.

When purchasing backpacks, please keep in mind they must fit into a locker 6 inches wide, along with the student's lockermate backpack and all other school items.

On August 17, from 4:30 pm – 6:00 pm there will be open house/visitation of teachers and the building. Students are encouraged to bring in school supplies and put them in lockers to avoid having to carry so much on the first morning of school. At 6:00 pm, parents are invited to the auditorium for introductions of staff, general welcoming comments and a presentation about middle school athletics.
